

TEST

1er Test

A screenshot of a mobile application titled "Currency Converter". The interface has a blue header with the title. Below the header, there are two sections: "Devise source" and "Devise cible". The "Devise source" section shows "USD" in a dropdown menu and the value "120" in a large font. The "Devise cible" section shows "EUR" in a dropdown menu and the value "102.56" in a large font. Between these two sections is a circular button with a double-headed arrow. At the bottom of the main content area is a white button labeled "Convertir". The bottom of the screen shows a numeric keypad with the number "7" highlighted, and a small icon of a downward arrow and a circular arrow.

2eme Test

A screenshot of the same "Currency Converter" application. In this state, the "Devise source" dropdown shows "EUR" and the value is "100". The "Devise cible" dropdown shows "TND" and the value is "340.00". The "Convertir" button is still present. The numeric keypad at the bottom shows the number "8" highlighted, and the icon now includes a vertical line between the downward arrow and the circular arrow.

3emeTest

A screenshot of a mobile application interface for a currency converter. The background is a solid blue color. At the top, the text "Devise source" is followed by a dropdown menu showing "GBP". Below this is a large white input field containing the number "50". In the center, there is a circular button with a double-headed vertical arrow. Below that, the text "Devise cible" is followed by a dropdown menu showing "USD". Below this is a large white output field containing the number "67.24". A white button with the text "Convertir" is positioned below the output field. At the bottom, a numeric keypad is visible with numbers 1 through 9, and a small icon for switching between source and target currencies.

4emeTest

A screenshot of a mobile application interface for a currency converter. The background is a solid blue color. At the top, the text "Devise source" is followed by a dropdown menu showing "EUR". Below this is a large white input field containing the number "10". In the center, there is a circular button with a double-headed vertical arrow. Below that, the text "Devise cible" is followed by a dropdown menu showing "EUR". Below this is a large white output field containing the number "10.00". A white button with the text "Convertir" is positioned below the output field. At the bottom, a numeric keypad is visible with numbers 1 through 9, and a small icon for switching between source and target currencies.
